

# TECHOASIS

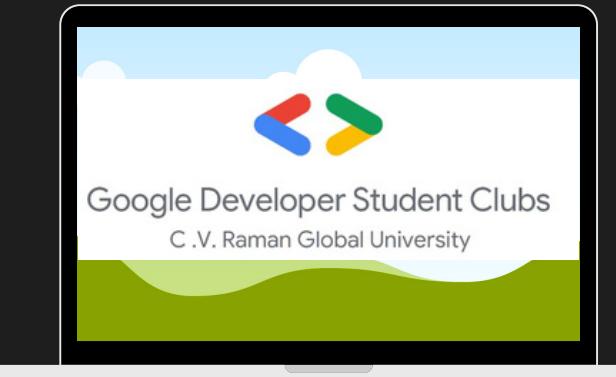

## OUR VISION

Developer Student Clubs are university-based community groups for students interested in Google developer technologies.

By joining a DSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

Google is dedicated to providing a harassment-free and inclusive event experience for everyone regardless of gender identity and expression, sexual orientation, disabilities, neurodiversity, physical appearance, size, ethnicity, nationality, race, age, religion, or other protected category.

Technology is the best when it brings people together.

GDSC - CV RAMAN GLOBAL UNIVERSITY

## AIMS & OBJECTIVES

- **Skill Development:** DSCs offer workshops and hands-on training to teach students new technologies and programming languages relevant to their career goals.
- **Community Building:** DSCs create an inclusive environment where students can connect, share ideas, and collaborate on projects, fostering a supportive tech community.
- **Industry Exposure:** DSCs host talks and webinars by industry professionals, providing students with real-world insights and potential career paths in tech.
- **Hackathons and Projects:** DSCs organize coding competitions and hackathons, allowing students to apply their knowledge to solve practical problems and build innovative projects.
- **Open Source Contribution:** DSCs promote open source culture, encouraging students to contribute to global tech projects and collaborate with developers worldwide.
- **Google Technologies:** DSCs focus on Google technologies, giving students the opportunity to work with cutting-edge tools like Android app development and Google Cloud Platform.

## A MONTH IN REVIEW: PAST EVENTS

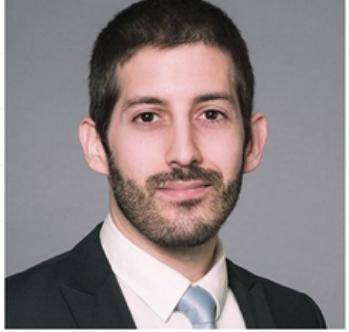

1. The **#coronavirus** pandemic has disrupted everyone's work and life balance. To get you back on track we had a session by **@Nikkitagandhi** and **@sidagarwal04** on how to master the work life balance

2. A nontechnical event was conducted by **@MiriRod** and **@nikhilraichur91**, who were the speaker for the session. Miri is the head of internships at **@Microsoft** while Nikhil is the Program manager **@Google**

3. An AR/VR session was conducted by @korengr & @Lady\_Ada\_King, our speakers for the AR/VR session  
 Koren is Founder & COO at @\_echoAR\_ while Ada is a Developer Advocate for @samsunginternet

**Speaker  
AR/VR**

**Koren Grinshpoon**  
Founder & COO at echoAR

Developer Student Clubs  
**WOW**

**Speaker  
AR/VR**

**Ada Rose Cannon**  
Developer Advocate/Staff Engineer at Samsung

Developer Student Clubs  
**WOW**

4. We had conducted a design thinking bootcamp with @CharuChoudha as our speaker.

Charu is a #ui #ux designer at @Google

5. We had conducted the Android Track with @mrinal\_geek as our speaker.

Mrinal is a Community Lead at @FBDevCircles

**Speaker  
Design Thinking**

**Charu Choudha**  
UX Designer at Google

Developer Student Clubs

## Testimonial

Amazing experience on Google Cloud platform. Got to learn new things like BigQuery, Cloud infrastructure, SSH server and many more on Qwiklabs. Quests were challenging and whenever each quest got completed I sighed and then started with the another. It's the best platform I can say to learn about cloud for a newbie.

Aakarsh Anubhav  
2nd Year, CSIT

Developer Student Clubs

## Testimonial

Google Cloud is one of the best Platforms to learn cloud. During 30Days there were having many Sleepless Nights for completing Virtual Labs with Qwiklab in a positive spirit. I got an attractive Certificate of completion of both tracks and Very Cool Goodies that Encouraged me a Lot. And I will Always be ready to work with Google Cloud Education. Thanks, A Lot To DSC CVRGU #30DaysOfGoogleCloud and Aman Irshad for Such A Program at Zero

## Testimonial

It was an amazing experience in completing the Quests and Labs from the Google 30 Days of Cloud and learnt a lot about the Cloud platform. Very happy to receive this awesome Schwags and Goodies from Google .

Thanks a lot #google30daysofcloud and #DSC-CVRGU for this amazing opportunity and building skills in Cloud.

Sagar Saurav Behera

## Testimonial

Really enjoyed learning new skills, had an amazing time doing hands on lab. Embracing cloud skills with 30 days of Google cloud is one of the best ways to gain more knowledge about cloud
